creating crud app in pdf

We look at how to create a simple web app using various technologies such as Java 8, Spring Boot, Angular, Bootstrap CSS, SpringData JPA, REST, and H2.

Creating a Simple Web App With Java 8, Spring Boot, and

In computer programming, create, read, update, and delete (CRUD) are the four basic functions of persistent storage. Alternate words are sometimes used when defining the four basic functions of CRUD, such as retrieve instead of read, modify instead of update, or destroy instead of delete. CRUD is also sometimes used to describe user interface conventions that facilitate viewing, searching, and ...

Media Handling using OData-Gateways Introduction. The conundrum (confusion/difficulty) of handling media through gateway service is gone. If you have a requirement of showing PDF or sending images/music over the gateway, you can do it seamlessly.

Music File, PDF, Smartform, Image File etc in OData

What is an E-commerce Application? The term e-commerce, as we think of it today, refers to the buying and selling of goods or services over the Internet. For example, you may think of Amazon, which provides online shopping for various product categories, such as books, music, and electronics. This form of e-commerce is known as electronic retailing, or e-tailing, and usually involves the ...

The NetBeans E-commerce Tutorial - Introduction

A mashup (computer industry jargon), in web development, is a web page or web application that uses content from more than one source to create a single new service displayed in a single graphical interface. For example, a user could combine the addresses and photographs of their library branches with a Google map to create a map mashup. The term implies easy, fast integration, frequently ...

Mashup (web application hybrid) - Wikipedia

Creating a new record. You can use Model.create() to create a new model instance. This method accepts keyword arguments, where the keys correspond to the names of the model's fields. A new instance is returned and a row is added to the table.
