The HighScope early childhood education approach, used in preschool, kindergarten, childcare, or elementary school settings, was developed in Ypsilanti, Michigan in 1970. It is now common there and in some other countries. The philosophy behind HighScope is based on child development theory and research, originally drawing on the work of Jean Piaget and John Dewey.

This adorable box set of ten Beginner Books is the perfect confidence-builder for children who know the sounds of the letters and are ready to start reading. With only simple 2-3 letter words and a short set of sight words listed at the front of each book, children will feel joy in their ability to read and understand each fun story.
