Project MKUltra, also called the CIA mind control program, is the code name given to a program of experiments on human subjects that were designed and undertaken by the United States Central Intelligence Agency and which were, at times, illegal. Experiments on humans were intended to identify and develop drugs and procedures to be used in interrogations in order to weaken the individual and ...

Project MKUltra - Wikipedia

Superstition is a pejorative term for any belief or practice that is considered irrational or supernatural: for example, if it arises from ignorance, a misunderstanding of science or causality, a positive belief in fate or magic, or fear of that which is unknown. It is also commonly applied to beliefs and practices surrounding luck, prophecy, and certain spiritual beings, particularly the ...
