Introduction. Six years have transpired since publication of the last policy statement of the American Academy of Pediatrics (AAP) regarding breastfeeding. 1 Recently published research and systematic reviews have reinforced the conclusion that breastfeeding and human milk are the reference normative standards for infant feeding and nutrition. The current statement updates the evidence for ...

These disparities are growing despite the fact that over the past two decades, closing the test-score gaps between affluent and poor children has been a central aim of national education policy, as embodied in President George W. Bush's No Child Left Behind law and President Barack Obama's Race to the Top program.
