

discourse analysis introducing linguistics pdf

The aim of Critical Discourse Analysis is to unmask ideologically permeated and often obscured structures of power, political control, and dominance, as well as strategies of

Critical Discourse Analysis

Forensic linguistics, legal linguistics, or language and the law, is the application of linguistic knowledge, methods and insights to the forensic context of law, language, crime investigation, trial, and judicial procedure. It is a branch of applied linguistics.. There are principally three areas of application for linguists working in forensic contexts:

Forensic linguistics - Wikipedia

Contrastive analysis is the systematic study of a pair of languages with a view to identifying their structural differences and similarities. Historically it has been used to establish language genealogies

A Corpus-based Study of Chinese EFL Learners' Employment

This text draws together a wide variety of research that makes up the study of inter-organizational relations (IOR). It includes many empirical settings and a range of disciplinary and theoretical bases as well as several specific topic areas. It is mainly concerned with representing the state of knowledge in the emerging field of IOR research; in addition, it seeks to suggest fruitful avenues ...
