Stoner, PhD, Research Consultant. Highlights Cannabis use and use disorders are more common among those with psychotic disorders compared to the

Effects of Marijuana on Mental Health: Psychotic Disorders

Anxiety disorders may be associated with severe, long-term depression, eating disorders, and increased hospitalization and suicide rates. It is now thought that anxiety disorders are linked to genetic, social, and environmental factors. People with anxiety disorders have a high risk of developing alcoholism and other substance dependence disorders.

Understanding Mental Illness - Missouri Department of

Causes of Eating Disorders While eating disorders may begin with preoccupations with food and weight, they are most often about much more than food. Eating disorders are complex conditions that arise from a combination of long-standing behavioral, emotional, psychological, interpersonal, and social factors. Scientists and

Causes of Eating Disorders - Creighton University

effects of problem-oriented policing on crime and disorder Selection criteria: Eligible studies had to meet three criteria: (1) the SARA model was used for a problem-oriented policing intervention; (2) a comparison group was included; (3) at least one crime or disorder outcome was reported with sufficient data to generate an effect size.

Effects of Problem-Oriented Policing on Crime and Disorder

negative effects as a result of extremely stressful events. These negative effects may include relational and behaviour problems and psychological disorders such as depression, anxiety, dissociation and posttraumatic stress.
