Geography CH 1 World Regions in Global Context - Quizlet

When speaking about global geography, it is helpful to break the world map into large geographic zones. While some people and organizations refer to the seven continents as geographic zones, the U.S. Department of Homeland Security categorizes countries into specific regions.

The 10 Geographic Regions of the World | Sciencing

The 196 countries of the world divide into eight regions based on their geography, mostly aligning with their

continent. Groupings that don't strictly adhere to the continent divisions separate the Middle East and North Africa from sub-Saharan Africa around cultural lines, and grouping the Caribbean and Central America separately from North and South America makes sense due to similarities based on latitudes.
